

authorized representative, the equipment meets the criteria of § 1919.81(a).

(iii) Information specified in paragraphs (b)(1) (v), (vi), and (vii) of this section.

(c) Certificates relating to wire rope, whether tested by or under the supervision of the accredited person or by its manufacturer and whether or not issued on the basis of the manufacturer's certificates, shall follow the general format of a wire rope test form approved by the Administration.

(d) Accredited persons shall advise owners of affected equipment of the necessity for maintaining required documentation or acceptable copies thereof available for inspection at or near the worksite of the equipment involved.

(1) Where initial and periodic tests as well as annual examinations are required, documentation available for inspection shall include the latest unit test certificate and any subsequent annual examination certificates, together with wire rope test certificates relating to any replacements since the last unit test or annual examination.

(2) Where only annual examination is required, documentation available for inspection shall include the latest annual examination certificate and wire rope test certificates relating to any wire replaced since the last annual examination.

(3) In the event that the heat treatment of any loose gear is recommended by its manufacturer, the latest heat treatment certificate, attesting to compliance with the manufacturer's specifications, shall be part of the available documentation.

(e) No certification shall be issued until any deficiencies considered by the accredited person to constitute a currently unsatisfactory condition have been corrected. Replacement parts shall be of equal or better quality than original equipment and suitable for the purpose. In the event deficiencies remain uncorrected and no certification therefore is issued, the accredited person shall inform the near-

est district office of the Administration of the circumstances.

PART 1920—PROCEDURE FOR VARIATIONS FROM SAFETY AND HEALTH REGULATIONS UNDER THE LONGSHOREMEN'S AND HARBOR WORKERS' COMPENSATION ACT

Sec.

1920.1 Purpose.

1920.2 Variances.

AUTHORITY: Sec. 41, Longshoremen's and Harbor Workers' Compensation Act (33 U.S.C. 941); sec. 6, Occupational Safety and Health Act of 1970 (29 U.S.C. 655).

§ 1920.1 Purpose.

This part governs the procedure for the granting of variations from the safety and health regulations established pursuant to section 41 of the Longshoremen's and Harbor Workers' Compensation Act. The part provides the same procedures under this Act as are available for considering variances under the Williams-Steiger Occupational Safety and Health Act of 1970 (29 U.S.C. 651 *et seq.*).

[37 FR 10800, May 31, 1972]

§ 1920.2 Variances.

(a) Variances from standards in parts 1915 through 1918 of this chapter may be granted in the same circumstances in which variances may be granted under sections 6(b) (6)(A) or 6(d) of the Williams-Steiger Occupational Safety and Health Act of 1970 (29 U.S.C. 655). The procedures for the granting of variances from Parts 1915-1918 of this chapter are those published in Part 1905 of this chapter.

(b) Any requests for variances shall also be considered requests for variances under the Williams-Steiger Occupational Safety and Health Act of 1970, and any variance from §§ 1910.13 through 1910.16 of this chapter which adopt parts 1915-1918 of this chapter, shall be deemed a variance from the
